

DP-300E ADVANTAGES

Strong and durable construction

Highly portable and manoeuvrable

Offers wet and dry grinding

DP-300E Single Head Floor Grinder

The floor grinder uses a Diamond Products 300mm adaptor plate with Qwikchange Diamond pads which are available in a variety of grits ranging from 16# - 150# grit. Applications: Concrete, Stone, Asphalt, Glue, Waterproofing and Epoxy.

Features

- The grinder has a floating head that follows the surface of the floor.
- The floor grinder is fitted with a powerful 3kW single phase motor.
- The dust shroud system is a unique design automatically adjusting to suit segment height and floor angle.
- The grinder can be used wet or dry.
- The shroud system can be connected to a Diamond Products dust collector to eliminate dust while grinding.
- The floor grinder has a folding handle which enables it to be easily transported.
